## Conferences and Seminars

### The 30th Anniversary of EXPOLAB

The year of 2009 witnessed the 30th anniversary of both Chemical Reagents magazine and China Laboratory Technology and Equipment Exhibition. During the 59th EXPOLAB, Reed Sinopharm Exhibitions presented a variety of events together with Chinese Chemical Reagent Industrial Association and Chemical Reagents magazine, in the purpose of jointly promoting the development of Chinese Reagent industry.

### Laboratory Model Room Display -Biochemical Laboratory

EXPOLAB is not only the platform for enterprises to exhibit their products, but also acts as a barometer in the industry. The "Laboratory Model Room Display" focused on biochemical laboratory, where the latest laboratory design and overall safety solutions would be presented to all laboratory management personnel, thus helping promote the standardization of domestic laboratory construction.

## Next Show Information
