China Prefab House, Modular Building, Mobile house & Space Fair

Asia's first specialized exhibition on prefab house and modular building

PMMHF 2011 turns out to be a great success!

It's the unique specialized exhibition on prefabricated and modular building sector in China at the moment.

China Prefab House Fair is a place where many prefab house professionals get together to sharing new ideas and discover business opportunities.

Forum Attendees: 66

Guest Speakers: 8

Exhibitor's Feedback

"This is a very successful show and all the 500 pieces of CD were taken by visitors, and we have received nearly 200 business cards from 37 oversea countries. Among all the exhibited items, the "home of 5 m²" is most appreciated by the visitors, including domestic and visitors all over the world."

Ms. Zeng Feng Ling
President, Innospace Home Decor

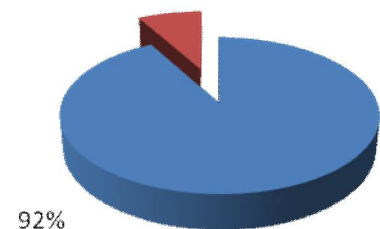

"We built a model house on the booth, which attracted a lot of visitors. And 500 brochures were all taken in a short period of time in the first half-day show, a company in Guangzhou bought our on-site model house as their sample for showing..."

Ms. Sheng Li
Marketing Manager,
BESTSTEEL Steel Structure

"We suppose to enlarge our exhibiting space to 72 m² next year and definitely will bring our prefab house in the show 2012"

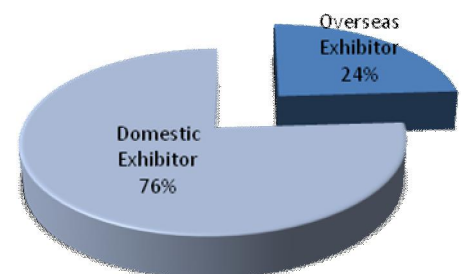

Mr. Zhang Ru Tang
Managing Director,
Hangzhou Putian Steel Structure Co.

Visitor's Feedback

"It's an amazing show! I've found my potential suppliers and import prefab houses to Argentina help the younger generation to fulfill their dreams of having a home"

"5 m² home impressed me so much, this is really an excellent innovation for emergency housing in disaster area and with great market potentiality"

"I plan to participate in this show with my agent in China next year"

After Visited PMMHF, You will feel that China is really a manufacturing base for prefab house and building materials. You may find your suppliers or distributors here
