Premier Expo is part of **International Trade & Exhibitions (ITE) Group Plc**, founded in 1991 with headquarters in London. ITE Group Plc is a recognised leader in the international exhibition business, and each year organises 160 trade exhibitions in 20 countries. The largest projects of PREMIER EXPO include such famous exhibitions as: **UITT** (travel and tourism), **KievBuild** (building materials, equipment and services), **Kiev AgriHort** (farming and horticulture), **Public Health** (healthcare), and **World Food Ukraine**.

PREMIER EXPO operates at the best venue in Ukraine – the International Exhibition Center (15 Brovarskoy Prospekt, Kiev). This is a unique, modern complex for holding international exhibitions, with a total area of 66,500m² and numerous services for exhibitors and visitors. The exhibitions of PREMIER EXPO feature a high level of organisation, which makes them amongst the leading events in the relevant sectors of the Ukrainian economy. They are rightfully supported by government agencies and industry associations.

For nine years, Premier Expo (Ukraine) and ITE Group Plc (UK) - with the joint efforts of the National Union of Architects of Ukraine, and government and public organisations - have organised the Architecture and Design Festival, which demonstrates the best work of Ukrainian and international architects.

Participation in the Architecture and Design Festival

- The festival is a great opportunity for architects to take part in an architectural exhibition, and to show their work in a separate exhibition area.
- The work shown in the festival is automatically included in a review competition by application to the National Union of Architects of Ukraine.

Festival jury

Dmitry Antonyuk, Vice President, National Union of Architects of Ukraine

Oleg Leleka, Member of the Presidential Council, National Union of Architects of Ukraine
