Visitors

Over 2 115 qualified specialists went through computer registration during 3 days of the exhibition. Specialists from all regions of Uzbekistan and other Central-Asian Republics (Kazakhstan, Kyrgyzstan, Tajikistan and Turkmenistan) visited the exhibition, including 608 professional visitors, who were registered on the first day of the exhibition.

Field of activity of the companies who visited the exhibition:

Delivery of the low-voltage equipment	Energy-saving
Delivery of the high-voltage equipment	ETL
Delivery energy-saving equipment	Manufacturing of substations
Procurement of the equipment for mining branch	Safety systems
Installation, adjusting, and service of electric equipment	Power transformers
Power generation	Manufacturing of cable production
Trade, producing of home appliances	Delivery of cable production
Manufacturing of the electrotechnical equipment	Services
Cable production	Communication
Construction, engineering	Metallurgy
Town-planning	Oil extraction
Construction	Heat-power engineering
Electric energy equipment	Diesel power station
Inspection	Delivery of the pump equipment
Consultation	Mining, winning
Oil and Gas / drilling	Delivery of the mining equipment
Power	Measuring devices
Transport	Chemical industry
Mechanical engineering	Textile industry
Industrial control	Solar energy
Electrical mounting, cabling,	Industrial refrigerators
Overhead line work	Filling stations
	Energy resources supplying
	Sale of gas
	Water supply
